

OWASSO/CLAREMORE JOURNEYMAN PLUMBERS

Half Moon Plumbing is now accepting applications/interviews to find a new team member... We are a small company excited about the opportunity to serve more customers with our proven policies and procedures as well as provide an enjoyable, stable career to a qualified applicant... We work primarily in the service and repair industry and the majority of our customers live in the Owasso/Claremore area... This is NOT strictly a pay for performance position, we believe that formula lends itself to overcharging customers and underpaying employees with little risk to the employer... At Half Moon we guarantee to provide at least 40hrs/week and our base hourly wage for journeyman starts at \$24/hr, plus anything over 40 is time and a 1/2... We want our team to have a dependable income for security/budgeting and avoid the feast or famine lifestyle... It's our responsibility to provide the work and the training to help you succeed... One of our core values is to compensate the success of our team members with ovation and salary... We believe this to be a recipe in which everyone can achieve success from the customer to the technician to the company... This position is not for everyone as we are seeking someone who not only has the necessary skills but, also has the right attitude, the right morals, and a proven record of success and stability... The following is a list of pre-qualifying requirements that are not negotiable, please review and respond through the help wanted form on our website (halfmoonplumbing.com)... We look forward to hearing from qualified applicants!

X...must have a current Oklahoma journeyman Plumbing license

X...must have at least 5 years' experience

X...clean background check/drug test

X...must be willing to adopt Half Moon's procedures (we provide specific training on everything from drain cleaning to toilet setting)

X...must have positive referral/references
